

The PE and Sport curriculum

PE curriculum vision

Students who attend Barr's Hill will experience a variety of sporting activities where they will develop their core skills and explore key concepts in sport including analysis of performance. Alongside this they will develop their knowledge and understanding of the rules and officials in games, and understand what it means to maintain a healthy lifestyle. Students will experience sports in the following areas: Invasion, Net/wall, Strike/Field, Athletics, Gymnastics.

Students who enjoy sport have the opportunity to study it at KS4 and KS5 where they will experience high quality teaching and career opportunities and guidance will be offered. The courses are aspirational and aim to not only allow students to gain a GCSE/A-level equivalent qualification, but also experience visits to top universities and sports stadiums, gain coaching badges and awards, and gain student leadership opportunities by working with younger students both in and out of school. Students are encouraged to reflect and celebrate their achievements in these opportunities available to them.

Alongside the PE curriculum we also offer a variety of enrichment experiences and opportunities. Students are widely encouraged to attend these activities and can either do so for leisure or get invited to one of our sporting academies and represent school teams. These opportunities help with character development and we actively encourage students to embrace these. Alongside this we also have an elite sporting pathway where we help students join elite teams outside of Barr's Hill through the community links that we have. This varies widely between the Elite basketball club, Coventry Godiva Harriers Athletics Club, and Coventrians RFC and many more.
