The Futures Trust Governance Framework

- 1 As a charity and company limited by guarantee, The Futures Trust is governed by a Board of Trustees which is responsible for, and oversees, the management and administration of the Trust and the academies within the Trust.
- 2 The Futures Trust is the only legal entity accountable for all the academies within the Trust. The Futures Trust has entered into one set of Articles of Association (the Articles) with the Secretary of State which governs all academies in the Trust.
- 3 The Trustees are accountable to external government agencies including the Charity Commission and the Department for Education (DfE) for the quality of the education they provide and they are required to have systems in place through which they can assure themselves of quality, safety, probity and good practice.
- 4 In order to discharge these responsibilities, the Trustees appoint individuals to serve on Committees which focus on specific matters such as safeguarding, education, standards, academy improvement, finance and audit.
- 5 Additionally, a LGB oversees each academy in the Trust. Each LGB will focus on the day to day running of the academy, carrying out the Trust's vision, policies and priorities, holding the academy leadership to account. The authority delegated to each LGB will depend on the circumstances of each school.
- 6 For the purposes of clarity, a Trustee refers to a member of the Board, whilst a Governor is a member on one of the LGBs.
- 7 This Scheme of Delegation outlines the ways in which the Trustees fulfil their responsibilities for the leadership and management of The Futures Trust, the respective roles and responsibilities of the Board of Trustees, their Committees, the Chief Executive Officer (CEO) and the LGB of each academy and the commitments to each other to ensure the success of The Futures Trust.
- 8 This Scheme of Delegation has been put in place by the Trustees from the effective date in accordance with the provisions of the Trust's Articles and it should be read in conjunction with those Articles.

Key Principles

- 9 The Futures Trust is committed to ensuring that a robust governance framework is in place harnessing the advantages of collaboration, whilst

delegating authority to each academy school, thus retaining the individual character, integrity and unique contribution of each and every one of the Trust's academies.

- 10 The Futures Trust believes in strong and effective LGBs working closely to support their Head teachers to lead and manage their schools, monitor standards of student performance, well-being and safeguarding practice, The Futures Trust will be governed and directed by Board of Trustees and its Committees to:
 - i. Oversee strategy and business planning.
 - ii. Direct financial planning and compliance.
 - iii. Ensure resources are deployed effectively.
 - iv. Control expenditure through shared efficiencies and procurement.
 - v. Provide efficient and effective shared services.
 - vi. Ensure compliance with legal and statutory obligations.
 - vii. Exercise due diligence and determine whether new schools or academies join the Trust.

- 11 Each academy shares within The Futures Trust a commitment to the mutual support of all academies for which the Trust is responsible, especially those that are in need of assistance at any particular time. Accordingly, the Scheme of Delegation recognises the commitment to the common good of all academies from the resources provided by the Board.

- 12 The Futures Trust is an outstanding learning and values based community committed to excellence through collaboration and partnership. Our community is committed to a common desire to learn from each other, share experiences and be mutually supportive in order that exceptional educational experiences are provided for all our learners. From this shared commitment and belief in mutual support we gain our sense of belonging.

Members

- 13 Members of The Futures Trust determine, appoint and remove, if necessary, the Board of Trustees, receive the Annual Report and Financial Statements, appoint the external auditor on an annual basis, and approve amendments to the Articles. The liability of the Members is limited to £10 each. They will draw up a Code of Conduct for Trustees and Governors.

- 14 The Members have ultimate control over the MAT, with the ability to appoint some of the Trustees and the right to amend the Trust's Articles. There must be a minimum of three Members. The Chair of the Board of Trustees will be a member, thereby ensuring a link between the two layers of governance. While Trustees can serve as Members, the most effective governance models recognise that the Members are responsible for holding the Trustees to account. Some separation between those serving as Trustees and those serving as Members is, therefore, desirable for achieving robust accountability, hence, the majority of Members will not serve as Trustees. Members **must**

not be employees of the trust, nor occupy staff establishment roles on an unpaid voluntary basis. Full details on the remit of Members will be covered in the Articles.

Trustees

- 15 MATs are charitable companies and the Trustees are company directors and must comply with company law requirements. Trustees will ensure strategic oversight, setting visions and policy for the Trust, governance, contractual relationships with third parties and overseeing financial performance. The Board must ensure compliance with charity and company law and The Futures Trust funding agreement.
- 16 The Trustees of The Futures Trust are accountable for the performance of the academies to the Secretary of State and can therefore intervene in the same way as local authorities were able to do for community, foundation and church schools and the Secretary of State is able to do for free-standing academies.
- 17 All Trustees will be expected to serve the interests of all academies as mandated in the 'Objects' of The Futures Trust that are detailed in the Articles.
- 18 A Trustee will ordinarily serve for four years and the Board will meet at least six times per year.

Powers Retained by the Board of Trustees

- 19 The Board of Trustees is responsible to the Charity Commission and the DfE for the quality of education provided within the Trust's academies and must comply with the requirements set out within the Trust's Articles and the Funding Agreements conferred on the Trust by the Secretary of State for Education.
- 20 Additionally, the Board of Trustees must ensure that The Futures Trust complies with Company Law, The Academies Trust Handbook and all other UK legislation relevant to academy schools.
- 21 The Board of Trustees and its Committees will set policy for the Trust in accordance with these requirements. All LGBs, Head teachers and employees of the Trust's academies will be required to comply with policy set by the Board of Trustees. Policies will set out decision making limits and controls which will be delegated to LGBs and/or their Head teachers.
- 22 Additionally, the Board of Trustees and its Committees will publish policy and standards which academy Head teachers and their LGBs must pursue in order to meet the strategic aims of The Futures Trust.
- 23 The Trustees will set targets for the Trust, and in accordance with the Scheme of Delegation, set targets for each of its academies annually.

- 24 The Trustees will oversee standards and outcomes across the Trust.
- 25 Grant funding allocated to each academy by the Education & Skills Funding Agency (ESFA) is based on the national formula. The Board of Trustees will approve an academy's budget share based on the support it requires or the support it may be delivering to other academies.
- 26 The Trustees retain the power to withdraw delegated powers from or remove members of a LGB and if necessary, disband it.
- 27 The delegations set out in this scheme are delegated to the specific committees and any individuals unless otherwise directed by the Board of Trustees.
- 28 Delegations cannot be exercised other than by the designated committee or individual unless otherwise directed or agreed by the Board.
- 29 In exceptional circumstances, the Chair of the Board, in consultation with the CEO, may exercise emergency powers to carry out functions of the Board or LGB where a delay in exercising a function is likely to be seriously detrimental to the interests of the Trust or academy, a pupil at an academy or their parents, or a person who works at an academy. However, the emergency powers do not include matters relating to the alteration and closure of the academy, a change in category, approval of budget, discipline policies and admissions. The exercise of such powers by the Chair must be reported to the next formal meeting of the Board for ratification. The reasons for why an emergency decision was required must be clearly stated.
- 30 The Board may, in extreme circumstances and at its discretion, exercise any of the powers delegated by this scheme to a committee or a post holder.
- 31 The Board of Trustees and its Committees, the Finance, Resources, Audit and Risk Committee, and the Education, Standards and Performance Committee each operate within a defined Terms of Reference (see appendices).

Local Governing Bodies

- 32 Local Governing Bodies are standing committees accountable to the Trust Board and their membership is ratified by the Board. Each LGB will operate within their Terms of Reference (see Appendix 4).
- 33 Authority is delegated to the LGB from the Board of Trustees. Each LGB will focus on the day to day running of the academy, carrying out the Trust's vision, policies and priorities, holding the academy leadership to account. The authority delegated to each LGB will depend on the circumstances of each school.
- 34 The principle determining delegated authority will be that of earned autonomy based upon academic performance, financial performance and compliance

against the regulatory framework that all academies must operate within. Typically, LGBs will carry out the same functions regardless of their level of delegation, but delegation will be assigned in accordance with the Schedule of Delegation (Appendix 4). However, academies requiring more support will have specially appointed Governors, with a track record of raising school standards, appointed to their LGB by the Board of Trustees. The level of delegation will determine the input from the CEO and the Trust Central Team.

- 35 There are three broad categories of delegation (Full, Supported and Sponsored). Each individual Scheme of Delegation will be reviewed annually focused upon the academic performance, capacity and financial security of the academy. A change in category or detailed delegation can only be approved by the Board of Trustees and will be formally notified to each academy at the beginning of each academic year.
- 36 **Full Level of Delegation:** There is a presumption that each academy judged by Ofsted to be good or better will have a high and equal level of autonomy. An academy may exercise all powers, other than matters reserved for the Board and its Committees that either are strategic in nature or cannot legally be delegated. On an annual basis the performance, capacity and financial security of each academy will be reviewed by the Trustees to assess the continued appropriateness of this status.
- 37 **Supported Level of Delegation:** An academy judged by Ofsted to be less than good or in financial difficulty will have its performance, capacity and financial security reviewed on an annual basis and this will determine the level of delegated power. The principle will be to ensure that appropriate support and challenge is provided from The Futures Trust focused upon improving educational provision to ensure that the academy is judged good or better as soon as is possible.
- 38 **Sponsored Level of Delegation:** A Sponsored academy will typically be a school judged 'Special Measures' by Ofsted or likely to be judged so, or a school judged by DfE to be a 'coasting school' based upon its progress and attainment data. Sponsored academies will have limited delegated powers, mostly focused upon the quality of educational provision. It will have a small LGB appointed by the Board, other than staff and parent members. Once a judgement of good or better has been achieved these governance arrangements will be immediately reviewed.
- 39 For Supported and Sponsored academies, an Academy Improvement Board may be established to focus on key areas for improvement to enable academies to become 'Good' or 'Outstanding'. Membership will be the Chair of the LGB, the Head teacher, the CEO and one other Trustee.

Responsibilities Delegated to the LGBs

- 40 Subject to provisions in the terms of reference, the Companies Act 2006, the Articles, this Scheme of Delegation and the principle of earned autonomy the business of the academy shall be managed by the LGB who may exercise all the powers of the Trust, other than matters reserved to the Board and its Committees which either are strategic in nature or cannot legally be delegated.
- 41 The Trustees delegate the day to day running of the academy to the LGB. Each LGB will focus on the day to day running of the academy, carrying out the Trust's vision, policies and priorities, holding the academy leadership to account. The authority delegated to each LGB will depend on the circumstances of each school.

LGB Sub-Committees

- 42 The LGB may establish sub-Committees as it considers desirable to carry out its responsibilities. The powers of any such committees, their terms of reference and membership shall be determined by the LGB.
- 43 Sub-Committees may include eligible members who are not Governors.
- 44 Except where it is otherwise constrained within its terms of reference, a sub-Committee may invite attendance by persons who are not Governors or committee members where such attendance is considered by the members of the committee to benefit its deliberations. Copies of the minutes of sub-Committee meetings are to be circulated to all Governors and those who are entitled to attend LGB meetings.
- 45 LGBs are expected to work closely with the academy's Head teacher providing the necessary challenge and support required to deliver the school's aims and objectives. A summary of responsibilities delegated to Head teachers can be found in Appendix 6.

Suspension of Delegated Authority

Financial management for the academy is delegated to the Head teacher and School Business Manager (or equivalent). However, full delegation will be suspended in the following circumstances:

Financial Notice to Improve:

The Trust's Finance, Resources, Audit & Risk Committee (FRARC) will issue a school with a Financial Notice to Improve if both the following apply:

-  The school is running an in year deficit in the current financial year
-  The school cannot present a balanced budget for the following year

If these circumstances apply:

-  The Head teacher, SBM of that school and Finance Director will need to devise a recovery plan which identifies and addresses structural issues threatening the financial health of the school.
-  The recovery plan will be presented to the FRARC for approval.
-  All staff appointments at the school will have to be agreed by the CEO.
-  The FRARC will monitor progress against the plan.

When the FRARC is satisfied that the school has addressed the structural issues identified, and is able to balance its budget, it will formally remove the Financial Notice to Improve and full delegation will be reinstated with immediate effect.

Financial Measures:

The FRARC will have the power to place a school into Financial Measures if any of the following apply:

- ✚ The school can no longer meet its financial commitments.
- ✚ The school is found to have operated outside its delegated financial authority limits.
- ✚ The school is subject to an internal fraud investigation.
- ✚ The school is judged as having unsatisfactory internal financial controls by either the internal or external auditor.

If any of these circumstances apply:

- ✚ The school's finances will be placed entirely in the hands of the FD and CEO.
- ✚ All transactions will be managed by the FD and approved by the CEO and at least one other member of the FRARC.
- ✚ An immediate review of the school's internal financial controls will be commissioned and an Emergency Action Plan will be drawn up by the FD, approved by the FRARC and implemented.
- ✚ Progress against the Emergency Action Plan will be monitored weekly by the FD, CEO and at least one other member of the FRARC.

Once the FRARC is satisfied that the terms set out in the Emergency Action Plan have been met, the school will be taken out of Financial Measures. Thereafter, the school will be placed into a 'recovery period' whereby powers under a Financial Notice to Improve will be implemented until the FRARC is satisfied that full delegation can be reinstated.
