Website: www.barrshill.coventry.sch.uk

A magnificent winter production.

Building a brighter future for all students

High quality teaching and learning.

By **DAVID WHINYATES**
Schools Reporter

BARR'S Hill School is dedicated to building brighter futures for each and every one of its students.

The school's values centre around placing students first, the focus is on learning, any barriers to which are

removed quickly and effectively. Students feel supported and happy at Barr's Hill School and a larger proportion of Barr's Hill's students than ever are now progressing on to university and highly sought-after apprenticeships.

The school's English and maths results sit in the top 5 per cent of state school pro-

gress nationally and Barr's Hill has also recently celebrated the official opening of "The Bridge" - a self-contained Hub dedicated to Year 7 students, based in its own building with its own social space and classrooms.

"Pupils are courteous, friendly and well mannered. They speak with confidence about their learning.

"The school's curriculum offers a balanced breadth of learning experiences which are tailored to pupils' individual needs and pupils' outcomes have improved markedly in a range of subjects, including English and mathematics." - Ofsted 2018

The school's unrivalled commitment to caring for its students, combined with high

aspirations and solid academic progress, ensures they develop into rounded individuals with bright futures ahead of them.

Students attending Barr's Hill School also enjoy an extensive extra-curricular and enrichment programme.

Performing arts is a real strength of the school and

students benefit from a dedicated professional drama teacher and a bespoke drama studio.

Students recently participated in a magnificent musical performance of "St Trinian's - Defenders of Anarchy" which was very well received by a highly appreciative audience.
